1. The deliberate, attractive and faithful service which you have contributed to the mission of this section has evoked many praiseworthy comments.
2. Your tour of duty for these seven months at Sampson, as training chaplain, and religious education chaplain, has produced some remarkable results. Your plans, procedures and presentation of the visitation program for all permanent party personnel was most successful due to your outstanding leadership.
3. Your personable, amiable and likeable disposition has created a fine spirit of goodwill with those who work with you. Your resolute character, imaginative mind, and resourceful knowledge, qualify you as a very efficient chaplain.
